

Bristol Island River Flats

HUCKLEBERRY
STONE SUPPLY

www.huckleberrystone.com

Specifications:

Product Code:	RFBI412
Thickness:	1" - 2"
Diameter:	4" - 12"
Coverage:	Varies with application
Common Uses:	Facing, Pathway stone

All measurements and coverages are approximate.

Characteristics:

The raging rivers of British Columbia are what create the Bristol Island River Flats. Water erosion over the centuries smooths and flattens the round river rock into these river flats. Used for facing, decorative ground cover, pathway stone and water features.

Description & Color:

Bristol Island River Flats have the same range as the Bristol Island River Rock, greys, greens and browns.
