Characteristics:

Our drilled columns provide an easy choice for soothing water features. Use an extra large column to bring a commanding presence to your pond or water garden. Our columns can be drilled up to 8'.

Description & Color:

Our drilled columns are individually selected for their uniqueness. The gurglers are mostly grey with brown and taupe variations and have natural contours that provide beautiful displays of flowing water.

Packaging & Delivery:

Basalt column gurglers are packaged on pallets.

River Rock Gurglers

Variegated natural colours. Sawn bottoms, pre-cored.
