Basalt Risers & Treads

Packaging & Delivery:

Basalt Sawn Slabs are packaged on pallets with a total weight of approximately 3000 pounds per pallet. Basalt Sawn Slabs are sold by the square foot and delivered on flatbed trucks.

Characteristics:

The Basalt Sawn Slabs are manufactured from our Basalt Columns quarried in Southwestern British Columbia. These columns have been sawn lengthwise in our Squamish saw plant creating stunning natural steps and risers.

Description & Color:

Basalt Sawn Slabs are mostly grey with some brown and tan variations. Machine sawn with all other sides having a weathered natural edge.
